Nieuwsbrief nr 30

Amsterdam, December 2022

Beste donateur/belangstellende

Hierbij onze nieuwsbrief waarin wordt samengevat wat de belangrijkste resultaten zijn van dit jaar en een overzicht van wat het komende jaar nodig is voor het kindertehuis.

We zijn ons als bestuur bewust van de noodzaak van een meer professionele inzet van personeel om de kinderen de juiste begeleiding te kunnen geven.

Duhabi Children Home is stevig geworteld in de lokale samenleving en weet zich o.a gesteund door de gemeente, vertegenwoordigd in de adviesraad.

Teneinde manager Ash Kumar meer vaardigheden bij te brengen is hij begonnen met de part-time opleiding Social Work (BSW) en wordt begeleid door een door ons benoemde Supervisory Committee. Het kindertehuis krijgt nog de tijd om aan alle voorwaarden van de overheid te voldoen waaronder dat jongeren vanaf 18j niet meer in een kindertehuis mogen wonen. Ook moet zoveel mogelijk worden uitgesloten dat kinderen in het kindertehuis wonen die nog bij familie kunnen verblijven. Hiervoor is gedegen onderzoek nodig om familieleden op te sporen.

We willen nog steeds voorkomen dat jongeren na hun 18e in het buitenland (Qatar, Saoedi Arabie etc.) moeten aan werken of daar zelf voor kiezen ondanks alle gevaren. Simpelweg omdat er geen werk is in Nepal.

Hoewel er nog veel kan worden verbeterd heeft het kindertehuis de coronapandemie goed doorstaan en zijn de kinderen hierin liefdevol opgevangen en begeleid.

Alle kinderen zijn gevaccineerd, hebben boosters gehad. Een meisje (Anju) heeft TBC opgelopen en is inmiddels hersteld.

Zonder Uw financiële bijdrage is het onmogelijk om de kinderen perspectief te bieden.

Wij hopen daarom opnieuw op Uw steun in 2023.

Het bestuur wenst U een fijne Kerst en voorspoedig Nieuwjaar!

Henk Hooghuis, Voorzitter

The project-An Overview

Duhabi Children Home has been operating since 2004 A.D. with the support of SSCHD (Stichting Shide Children Home Netherlands) in Nepal. For the past 19 years, Stichting has been

major donor organization. A small portion of the cash and in-kind budget comes from local donors, clubs and municipalities. The primary goal of the project is to address the physical, mental, emotional and spiritual needs of orphan and helpless children. We provide love, care, food, advice, guidance, and the highest standard of education to them so they can become valued members of society with a bright future. Because of the death of the parents, the re-marriage of abandoned / widowed / divorced women, children are left

without care and support. We look after those children in the Duhabi Children Home.

Currently, Duhabi Children Home have 24 children and is expecting five more orphan children in 2023. The home caters for all basic needs to grow up in an affectionate, caring and safe environment. To support the children there are 2-caregivers, 1 cook, 2-part time tutors, 1 dance teacher, 1 computer teacher and project manager. However, the home still needs a guard/handy man to join us.

They were born in the district Kavre, after the children were housed together with their uncle and aunt in Duhabi who were also suffering from financial crisis. Their uncle and aunt were a hard time raising these two children and therefore desperately needed our support. Their uncle and aunt were unable to meet the needs of the children and were not taking care of them.

Balen came to live at the Children's home on march 10, he was only three when he was admitted at DH. His mother passed away due to Covid-19 and father remarried and settled in India. He was staying with his old grandmother who was having trouble looking after the young boy. They resided in a temporary house built on government land. His grandmother was not able to provide him with food and remained begging and requesting food in the vicinity. The ward chairman was informed of the whaling situation

and after necessary investigation and permission from her grandmother, for more care and assistance he was transferred to Duhabi Home. He started attending a school close to DH. They need support of SSCHN, to become a good child in society.

Needs

Constructing Study room at terrace

For the maximum capacity of 25 Children and staff members 3 bedrooms are not enough. For the number of boys another room is urgently required, so we have to build the study room to the terrace and convert the study room to a boy's room. Looking at the other side, there is the fear of unwanted incidents to keep them at same room. As well there are a lot of small repair and maintenance of work in DH. The stairs need to be plastered because there are some cracks in stairs, the walls should need to be plastered, the ground floor also need to be repair, the coloring of the home is not done by 15 years so there should be coloring the outside of building.

For the construction of new room at terrace needs approx. 6,00,000 Nrs, € 4560.
For the coloring of building from outside needs 90,000Nrs, € 685.
