

Report of Meeting with Guard

On April 4 and 5, 2025, we held a meeting with the security guard of the Duhabi Children Home to address concerns raised by the children. According to their complaints, the guard had been drinking alcohol and causing disturbances two days before April 4. He was reportedly shouting at the children and taking photos of them on his mobile phone, which frightened them.

In response, I conducted a separate meeting with the guard on April 4 and 5 to discuss the issue of alcohol consumption and its impact on the children.

During the meeting, we reminded the security guard to refrain from such actions or behaviors in the future, as they could negatively affect the children's mental and emotional well-being. After our discussion, the guard acknowledged the concerns and agreed not to repeat such behavior moving forward.

Although the manager of Duhabi Children's Home was already aware of the issue, I provided them with a detailed account of the discussions that took place during the meeting.

We recommended that the guard's actions and behavior be taken seriously and that the children be at risk of being mistreated in the future. If the security guard repeats this type of action or behavior in the coming days, the Duhabi Children's Home should take timely action.

Finally, we informed the mother representatives and children of Duhabi Children's Home that any wrong doing or inappropriate behavior by the security guard should be promptly reported to a trusted individual.
